Dear Noble ES Staff and Community:

I read with great interest the results from the recently published Academic Growth Overtime (AGT). Your school's results were far above predicted in the area of Mathematics. I realize that this is only one indicator of the work that is taking place at Noble ES, but it is an important one. I appreciate all of the hard work that is going into helping students achieve in Mathematics, and hope this great work continues.

Thank you once again for all that you do every day for our youth.

Cordially,

Dr. John E. Deasy
Superintendent
