Noble Avenue Elementary School
8329 Noble Avenue North Hills, CA 91343

Noble Safety Newsletter

** Traffic Safety **

We ask you to obey all traffic rules. Police monitor our school from time to time, and you may get a ticket for breaking these laws.

Do not cross in the middle of the street

Please be a good model for all of our children by crossing the street at the corners. This rule is especially important in the morning and at dismissal, when there are many cars and distracted drivers.

Do not double-park

Leaving your car parked in the middle of the street causes traffic jams and safety concerns. You could get an expensive parking ticket for this offense.

** School Safety **

We know that some rules may be inconvenient for you, but they have the purpose of keeping ALL our students safe. We appreciate your friendly cooperation!

Kindergarten Students – Use Noble Gate

If you are dropping off Kindergarten students in the morning or picking them up right after school, please use the gate on Noble Avenue, not Chase Street.

Dismissal Gate on Chase is Open Until 3:00

To avoid the heavy traffic that occurs every afternoon at dismissal, we suggest that you pick up your children (Grades 1-5) closer to 3:00.

Closed Campus Rule:

Parents Must Wait for Students at Dismissal

Please help us keep all students safe by respecting our dismissal rule of waiting at the north end of the playground for your child to arrive. When parents walk onto the playground, it makes it difficult for us to protect your children from strangers.

** Safety Tips **

Students should not walk to school without an adult. Even the most responsible and mature child can encounter problems when an adult is not around. We advise that children never walk alone.

Walk, don't run, across the street.

Children should never wait for someone to pick them up off the school campus. If you make arrangements to pick up your children after 3:00 PM, please make sure they are waiting for you inside the school. You must enter the Main Office to pick them up, because we cannot allow them to wait in front.

Do Not Buy Food from Street Vendors

We know that many of you enjoy buying a snack after school for your child, but the street vendors cause traffic problems by blocking the sidewalk, which forces some children into the street. Also, these vendors are unlicensed and many of their carts are very unsanitary. Help us protect the health and safety of Noble's students by not patronizing the street vendors. Give your child a healthy after-school snack, such as fruit, vegetables, crackers, cheese, yogurt, etc.

We love your puppy, but...

Animals Are Not Allowed on Campus

According to the policy of the Los Angeles Unified School District, animals are not allowed on school grounds except for special purposes. For the safety of all of our students, we do not allow pet dogs on campus, even if you carry the animal in your arms. THANK YOU for respecting this rule... and THANK YOU for leaving your pets at home.
